Annex

DEAD END

A standalone set of documents usually attached at the end of a research paper.

i

Provides important information that is relevant even outside the context of the research paper.

NEWS

Contains documents such as historical news articles, other scientist's lab reports, etc.

VS.

Appendix

A supplement or attachment to a research paper; not part of the body of the paper.

Head with Brain

Helps readers understand the essential background information.

Line Graph

Contains detailed information such as sets of graphics, tables, raw data, etc.
