Creating a PowerPoint presentation is as important as presenting it in front of your target audience. The slides should not only be clear and concise but also narrate a story. Effective use of colors, images, graphics, theme, animations, etc. can keep your audience engaged!

To know more about the dos and don'ts of creating impressive PowerPoint presentations, [click here](#).

Top 10 Tips

## Creating Impressive PowerPoint Presentations

✓

-  Great content and fewer slides
-  High-quality graphics and images
-  Good contrast colors for text and background
-  Uniform theme
-  Consistent fonts, color scheme, and formatting

✗

-  Too many bullet points
-  Chartjunk
-  Flashy animations/transitions
-  Bright colors
-  Excessive text or small font size
