

Description

Improving academic vocabulary is an important skill for all researchers. Academic vocabulary refers to the words that are customarily used in academic dialogues and texts. These words are usually uncommon in daily conversations. The more a researcher enhances their vocabulary, the better their writing skills. In this infographic, we present the top 10 tips to build your academic vocabulary.

10 Tips to Increase Academic Vocabulary for Researchers

Read extensively

Understand the meaning and usage of the word

Maintain a Word Journal

Actively use the new vocabulary in conversations, essays etc.

Learn prefixes and suffixes

Use an Academy Word List (AWL)
