## COMMUNICATION TIPS FOR RESEARCHERS

1

**Listen carefully:** Researchers speak a lot about their work, but frequently forget to listen. Remember, good speakers are always fantastic listeners! Feedback is critical.

2

**Speak politely:** Get your point across without using unprofessional language. Do not speak/reply impulsively.

3

**Avoid bias:** It is indeed critical to review each and every problem from various perspectives.

4

**Communicate in a timely manner:** A delayed response is as bad as an angry reaction. Responding in a timely manner can ensure professional success.

5

**Pay attention to language/grammar:** Using
