## ALTERNATIVE CAREERS FOR STEM PHDS

1

**Science communication** is an emerging field that extends beyond traditional newspapers, videos, TV, radio, etc. Recommended for researchers with good communication skills

2

**Clinical research** in pharmaceutical companies and research institutes involves organizing/ conducting clinical trials. This is a good alternative to laboratory work

3

**Medical writing** involves compiling and editing clinical/statistical reports and studying the related protocols

4

**YouTube partnership** provides excellent opportunities to earn revenue from Google AdSense
